

Privacy Notice

Effective 8 August 2026 · The Loyalty Loop

1. Who we are

The Loyalty Loop ("we", "us") is the data controller for personal data processed through the Service, except where a participating shop acts as controller for its own members' loyalty data as described below. You can contact us about privacy matters at developer@the-loyalty-loop.com.

2. Information we collect

We collect information you give us directly, such as your name, email address, phone number, postcode, and password when you register. We also collect information generated by using the Service, such as:

- Your loyalty activity — shops you join, stamps or points earned, rewards redeemed, and visit history.
- Reviews, ratings, and messages you submit through the Service.
- Approximate location, if you use the map to find nearby shops (your device controls whether this is shared).
- Device and usage information, such as your IP address, browser type, and how you interact with the Service, including through cookies (see our Cookie Policy).
- A push-notification token, if you enable notifications, so we can send you updates about stamps, rewards, and offers.

3. How we use your information

We use your information to: provide and maintain the Service (for example, tracking your stamp card progress); let you sign in and manage your account; enable participating shops to award and redeem stamps or rewards for their own members; send service messages and, where you have opted in, promotional messages from shops you have joined; maintain the security of the Service and prevent fraud; and comply with our legal obligations.

Where we rely on your consent (for example, for marketing notifications or non-essential cookies), you can withdraw that consent at any time through your account settings.

4. Who we share information with

When you join a shop's loyalty card, that shop (and staff it has authorised) can see your loyalty activity at their shop — this is how the Service works. Shops do not see your activity at other shops.

We also share limited personal data with service providers who help us run the Service, acting under our instructions and only for the purposes we specify. These currently include our cloud database and authentication provider, our transactional and marketing email provider, and, where a shop owner

chooses to use them, optional AI-assisted business tools. We do not sell your personal data.

We may disclose information where required by law, to protect the rights and safety of our users, or in connection with a merger, acquisition, or sale of assets, subject to appropriate safeguards.

5. International transfers

Some of our service providers may process data outside the United Kingdom or European Economic Area. Where this happens, we rely on appropriate safeguards recognised under data protection law, such as standard contractual clauses, to protect your information.

6. How long we keep your information

We keep your personal data for as long as your account is active, and for a reasonable period afterwards to comply with legal obligations, resolve disputes, and enforce our agreements. If you delete your account, we delete or anonymise your personal data within a reasonable time, except where we are required to retain it (for example, financial records a business owner must keep).

7. Your rights

Depending on where you live, you may have the right to access, correct, delete, or export your personal data, to object to or restrict certain processing, and to lodge a complaint with your local data protection authority. You can access and update most of your information directly from your account, and you can request full account deletion from your Profile settings at any time.

8. Cookies

We use cookies and similar technologies as described in our Cookie Policy, which forms part of this Privacy Notice.

9. Children

The Service is not directed at children under 16, and we do not knowingly collect personal data from them. If you believe a child has provided us with personal data, please contact us and we will take appropriate steps to remove it.

10. Changes to this notice

We may update this Privacy Notice from time to time. If we make material changes, we will notify you through the Service or by email before they take effect.

11. Contact us

For any privacy question or to exercise your rights, contact us at developer@the-loyalty-loop.com.
